# THE HUDSON STYLES

Welcome to Hudson in Pine Creek, where Broadview Homes alone offers life on the ridge! Our lineup of homes has been designed to maximize views and to complement your lifestyle.

Overlooking the picturesque Pine Creek Coulee, this community connects residents to nature with pathways, views, and parks that are rare within City limits. The contemporary interpretations of classic home styles add to the cozy community feeling which harkens back to simpler times while creating a chic and cohesive streetscape.

See a Broadview Homes representative to learn more about how we have brought these styles to life.

### MODERN FARMHOUSE

A classic elevation with modern appeal thanks to practical details that add significant style to any home. High pitched roofs, often accented with dormers, gables, or brackets, are typical of a Farmhouse home. Horizontal siding, shutters, and symmetrical windows are also a hallmark of this style.

### MODERN PRAIRIE

This distinctive style harkens back to Frank Lloyd Wright and similar designs of the early 20th century in the American Mid-West. Homes are unique and simplistic with strong horizontal lines, shallow pitched roofs, and large overhanging eaves. Mason work, wide porches, and rows of windows with minimal detailing often stand out on the Modern Prairie homes.

Elevation is representation of given home style and may not be built exactly as shown.
